MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Definitive Contract No. BC-550
with Nyeon Mfg. Company, Pasadena, California,
[redacted] Project CHALICE (Air Force).

1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 5.

2. Contract No. BC-550 is a time and material type covering repair and overhaul of Project and Air Force photographic equipment. The contract also provides for furnishing technicians to the Test Site when needed and training of technicians to be used overseas on another contract when and if needed. This T&M service was previously furnished under Contract No. BC-450 which is expiring on 30 June 1959. The old contract was not renewed as the scope of the work regarding "in-plant engineering" has been drawn to provide a tighter control and the old contract was getting difficult to administer due to twelve amendments. Payment Plan under BC-450 will be used for this contract.

3. Contract No. BC-550 allocates \$271,500.00 for an estimated 6 months of work contingent upon the availability of FY1960 funds. This [redacted] should be obligated as follows:

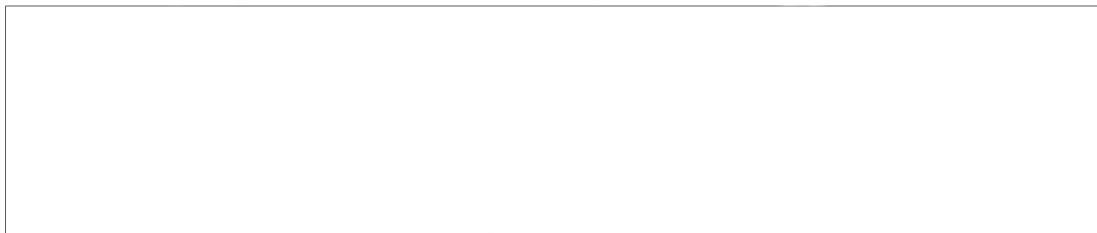

FY1960 Chalice Funds - Customer 1 - \$136,500.00
"No Year" AF funds for use during
FY1960 - Customer 2 - \$135,000.00

By concurrence to this memorandum the Comptroller signifies that the 1960 funds have been noted and will be obligated when available.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956
